

International Student Accommodation Policy

Rationale:

Where parents nominate DET to arrange accommodation, the Department through the school, is responsible for provision of accommodation, support and general welfare to the student. These arrangements must remain in place for the period that the student is enrolled at Northcote High School.

The support of homestay families has been an extremely important component of the Northcote High School International Student Program's success. The homestay experience is an excellent support for students in improving their English, learning about Australian culture and makes the most of their international education experience. To ensure all homestay experiences achieve their outcomes, it is essential that the homestay accommodation arranged by the school is of a very high quality and provides a safe, comfortable and caring environment for the students.

To fulfil DIAC student visa conditions and to follow the DET homestay guidelines all international students enrolled at Northcote High School, must live with school approved homestay families.

The preferred homestay arrangement is where students are compatible and are not from the same language background. They can then focus on their study opportunity and enjoy an encouraging and caring life experience while pursuing a successful educational future at Northcote High School.

This policy has been developed to meet the requirements of the ESOS National Code 2007 and Student visa (Condition 8532) which require that appropriate arrangements have been made for the accommodation, welfare and support of students over their enrolment period.

This policy is designed to be consistent with the Program Planning and School Support Unit guidelines as well as those set out in the School Resource Kit of the International Education Division of DET.
